To Whom It May Concern:

It is with great pleasure that I am writing this letter of recommendation for Christy Kane and 360 Focus. I have known Dr. Kane on a professional level for the last 5 years she has served as a consultant in Duchesne County School District during that time. She is an outstanding resource that has grown to being recognized not only in our district and state, but nationwide. Dr. Kane has conducted herself with the confidence and fidelity to raise the expectations of our community. Her presentations and curriculum exceed expectations and impact our community in a positive, thoughtful, and responsible approach. They are a reflection of preparation of a whole child approach and I would recommend her highly.

During her time with DCSD Dr. Kane has experienced many successes. She has been responsible for facilitating a change in the way we interact with each other at all levels. She was very instrumental in designing a state-of-the-art curriculum that meets the need of students at the appropriate age level. I have participated with lessons at each grade and would recommend them for my own children. Dr. Kane seeks collaboration within her team and our administration for the good of the student. Christy is not only a champion for her program but supported others in theirs. Her support throughout the school brings a confidence that could be achieved no other way. She understood and assisted in bringing to pass a balanced educational experience for the youth of the Duchesne County area.

Dr. Kane is also a highly supportive person. While working with her, I have been continually impressed with her commitment to excellence. She is uncompromising in her efforts to provide quality education for students and never loses sight of their needs.

As a public speaker, Dr. Kane is at ease with faculty, students, and parents. She communicates clearly and effectively, she is articulate, tactful, and endearing to the public. As a teacher, she is informative and keeps the audience aware trends backed by data, and resolutions that help mitigate behaviors. Dr. Kane also presents herself in a professional manner by wearing appropriate attire that brings the respect of the educational community.

As you can tell, I am impressed with Dr. Christy Kane. She is a proficient and dedicated professional. I know she will be an asset to your program and will bring positive recognition through her dedication and knowledge. I whole-heartedly recommend Dr. Kane and 360 Focus.

Sincerely,

David Brotherson
Superintendent
Duchesne County School District
